REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The application is allowable for the reasons set forth on page 5 of the decision of the Board of Patent Appeals and Interferences, which is hereby incorporated by reference. As noted therein, and as argued on page 8 of Appellant's brief, the claimed invention requires the first component to have a concentration from about 2 to about 20 mg and the second component to have a concentration from about 0.8% to about 15% of the first component, wherein the Bartlett et al patent (US 4,965,276) describes higher concentrations of first and second components.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
